

TE100-S55Eplus **5-Port 10/100Mbps Auto-MDIX Fast Ethernet Mini Switch**

TRENDnet's TE100-S55Eplus, 5-port, palm-sized 10/100Mbps Fast Ethernet Switch, presents the perfect choice for small workgroups for any desktop space. It allows users to simply plug any port to either a 10Mbps or 100Mbps network to multiply bandwidth, boost response time and satisfy heavy load demands. The RJ-45 network ports automatically negotiate between 10Base-T and 100Base-TX network speeds, half- and full-duplex modes, and MDI-II and MDI-X media types. TE100-S55Eplus is truly a Plug-N-Play device, which provides cost-effective and high-performance solutions.
